BRUSSELS (A.A) - 26.06.2009 - After the Chief of the Turkish General Staff Gen. İlker Basbug made certain evaluations on Friday, Turkish Prime Minister Recep Tayyip Erdogan said that "I do not think it would be appropriate to respond to such remarks from Brussels. I am obligated to respect whatever is being said".

Prime Minister Erdogan delivered a speech at the Crans Montana Forum, titled "Turkey's European Future", as the "Guest of Honor" and later answered questions of the participants.

Whether it was a photocopy or not, we have begun a legal process in a state of law to investigate about the document that was designed against my political party, Erdogan said.

In response to a question on General Basbug's remarks of Friday, Erdogan said that the military prosecutor may have approached the document issue differently.

"The process from now on belongs to the civilian prosecutor. The military judiciary decided that the document is not related with the military. The civilian judiciary will continue to investigate the matter. We can not permit fraying of the state of law which is based on democratic, secular and social structure," Erdogan said. (SOL-AÖ)
